

claro[®]

Don't just think it,

ink it.

Claro has been crafting the perfect writing instruments for over a decade now. Needless to say, we have mastered the art and undoubtedly penned it down too. Our fine writing instruments are known the world over for its superior quality, elegant designs and moreover for its affordability, even in the premium collection. We have a fan following across the globe which includes kids, professionals, pen collectors and of course stationery lovers too who love to innovatively express themselves.

We, 'Hamilton' as a group, are pioneers in the Indian Plastic Industry and are adept at designing products that are a flawless combination of appeal, value for money and furthermore exceptional in quality.

We are not defined merely by our products, but by the way, our products are put to use.

Vision

To be market leaders by utilizing our expertise and experience in sculpting superior products, high on utility, value and contemporarily aesthetic.

Mission

To be instrumental in linking creativity to its manifestation.

it's not a pen,
it's a "Claro"

Manufacturing Plant

We have our manufacturing plant set up in Western India, 200 km from buzzing Mumbai. As an organization, high on integrity and innovation we strictly follow all ethical norms as per international standards. Our plant follows compliance and works under compelling quality control standards. So does our retail side. We are closely associated with and are a proud member of Sedex, a global collaborative platform that strives to imbibe ethical business practices across the world.

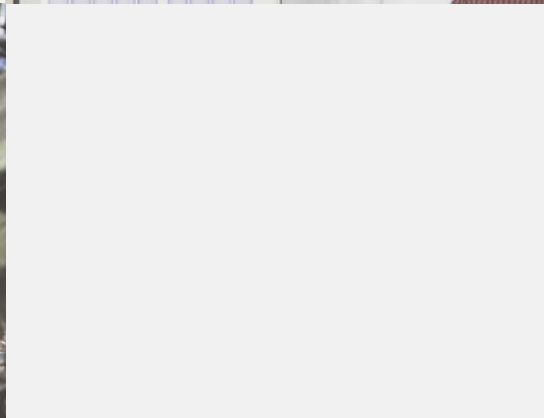

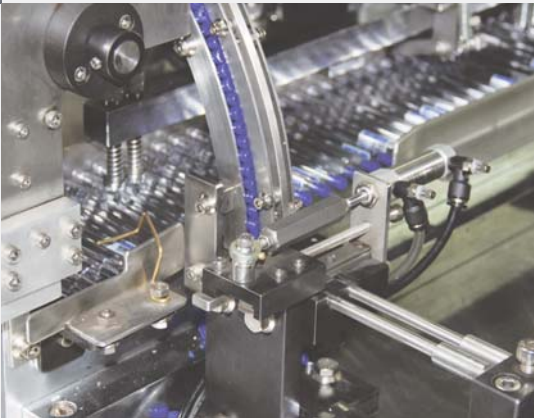

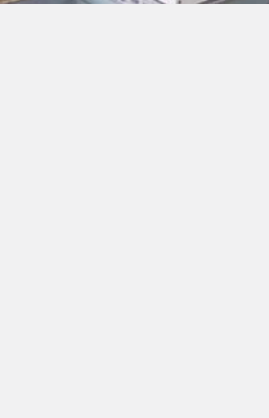

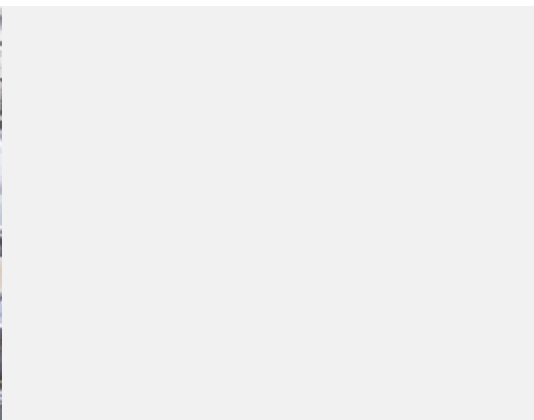

We understand the need for quality at affordable prices. Hence, we have invested in machinery from Germany and Taiwan and state-of-the-art Advance Injection Molding. That coupled with our unparalleled QC Lab enables us to deliver standard, high-grade products at viable costs

Product
Certifications

We do not manufacture pens,
we craft them.

At Claro, quality for us is paramount. It is not an act, but a habit. Our rigorous compliance and exhaustive quality control process ensures every product is flawless. Based on EN71 & Reach Compliance our QC lab is equipped with all the required testing equipment to ensure we meet the highest standards of excellence, longevity and durability.
